Assigning Samples to Pads

On Axiom Air 25

1. Press "EDIT" button

2. When screen flashes "Edit Select", hit PAD LEARN key (lowest C note).

3. When screen flashes "Learn", hit the sample you want to place on the pad. The screen should display a note value (C2).

4. Hit the pad you want as the destination. That pad should now play the sample.

On the Axiom 25

1. Press "EDIT" button

2. Hit Data 1 key (lowest F#)

3. Hit the pad you want to use as the destination.

4. Hit the patch up/down arrows as you hit the pad to find the right sample.
