January 16, 2024

Kevin Perez is a Junior, Forward on the WHS Varsity Boys Basketball team. He decided to play because basketball has been one of his favorite sports. Kevin enjoys basketball because of the physical demands as well as the **Sense of Accomplishment** of succeeding in games.

In the future, Kevin hopes to stay healthy and provide for his family and everyone he cares about. His goal this season is to be a good player and a team leader. He balances school and basketball by communicating with his teachers as much as he can and working during tutorial.

Of the "8 Conditions," as it relates to basketball, Kevin resonates most with **Confidence to Take Action** during the basketball season and the school year.
